# INTRODUCTORY.

---

WITH the commencement of the new year we again present to the citizens of Cambridge the thirty-third volume of the Directory with the hope that it will fully sustain if not surpass its former reputation.

Of its welcome reception by our former patrons and the general public, we have the fullest confidence.

The unprecedented demand for the work of 1883 completely exhausted the edition in less than thirty days after its publication; the general favor with which it was received was gratifying to the publishers which they fully appreciate

We have tried to make the Directory reliable in every respect, but errors will creep in, and our experience tells us that it is impossible to make a Directory thoroughly correct.

Orders for our directories come to us from distant parts of this and foreign countries, showing that their circulation is not confined to the location they represent.

A *full* directory of Harvard College Professors and Students will be found on page 388.

For the support we receive from the business men of Cambridge, as well as the citizens who do business in Boston, we are under many obligations; also to the officers of the various societies and institutions for information furnished us, we present our thanks.

The following shows the increase in names over last year :

Names in Directory, 1884	.	.	.	.	23,066

## INSTRUCTION TO KEY HOLDERS.

Alarms are to be given from the  
 box nearest the location of the fire.

To give an alarm, open the door,  
 pull the hook to the bottom of the  
 slot once, and let go.

Each box contains a small bell  
 which, if heard before you pull, indi-  
 cates that the alarm has been pre-  
 viously given. Any person listening  
 at a box will learn the number of the  
 box from which the alarm was given,  
 but in no case will you pull the hook  
 while the alarm is striking. After  
 giving the alarm remain at the box  
 so as to direct the firemen to the fire.  
 Be sure that you lock the box before  
 leaving it. For instance: if an alarm  
 proceeds from box 36, the bells and  
 gongs attached will strike three, then  
 after a short pause six consecutive  
 blows, thus: III—IIIIII.

Don't give an alarm for a fire seen  
 at a distance, unless assistance is  
 called for.

SIGNAL FOR NO SESSION OF THE  
GRAMMAR AND PRIMARY SCHOOLS  
ON DAYS OF SEVERE STORMS.

The signal is five strokes of the  
 fire alarm repeated once.

When given at 8.15 A.M., the morn-  
 ing session of the grammar and pri-  
 mary schools will be omitted.

When given at 11.45 the morning  
 session of the grammar schools will  
 be prolonged one hour, and the after-  
 noon session of the grammar and pri-  
 mary schools will be omitted.

When given at 12.45 the afternoon  
 session of the grammar and primary  
 schools will be omitted.

Citizens are earnestly requested to  
 inform themselves where keys to the  
 signal boxes are kept; signs, suitably  
 inscribed, being placed over each box,  
 giving the requisite information.

 Chief Engineer Cambridge Fire Dept.

##### FIRST CLASS.

##### SECOND CLASS.

Applies to newspaper publishers and news agents. Rates, two cents per pound or fraction, publications must be issued at stated intervals, matter to be fully paid.

## THIRD CLASS.

Embraces books, transient newspapers, periodicals, circulars, and other matter wholly in print, proof and corrected proof sheets, if manuscript copy accompanies the same. Rate one cent, each two ounces or fraction, matter to be fully paid. There is no limit to single volumes of books. Other 3d class matter is limited to 4 lbs.

## FOURTH CLASS.

Embraces blank and printed cards, labels, tags, mounted maps and charts, letter paper, patterns, photographs, playing cards, visiting cards, paper sacks, wrapping paper, with printed advertisements thereon, bill heads, letter heads, envelopes, printed blanks, sample cards, lithographs, chromo-lithographs, stereoscopic views, and photographic views. and other matter of the same general character, the printing upon which is not designed to instruct, amuse, cultivate the mind or taste, or impart general information, samples, merchandise, models, seeds, cuttings, bulbs, roots, and scions, ores, metals and minerals. Rates one cent, each ounce or fraction. If matter of two classes be enclosed in one package, the whole must be paid at higher rate.

## UNMAILABLE.

The following articles are excluded from the mails: liquids, poisons, glass, explosive materials; books, pamphlets, pictures and other publications of an obscene or indecent character; all letters upon the envelope of which, and postal cards upon which, scurrilous epithets are written or printed or engraved, or disloyal devices printed or engraved; and all articles which, from their form and nature are liable to destroy, deface or injure the contents of the mail bags, or the person of any one engaged in the postal service.

## FOREIGN.

On letters to all parts of Azores, Austria, Hungary, Belgium, Denmark, Egypt, France, Germany, Great Britain and Ireland, Greece, Italy, Luxembourg, Montenegro, Netherlands, Norway, Portugal, Roumania, Russia, Servia, Spain, Sweden, Switzerland and Turkey, five cents per half-ounce or fraction thereof; prepayment, except on registered letters, optional.

Two cent postal cards can be forwarded to any of the above foreign countries.

On newspapers, 1 cent for each two ounces or fraction.

Coin, jewelry, and articles subject to customs duty, are excluded from all foreign mails.

Rates of postage to foreign countries other than as above, being subject to change each month, inquiry should be made at the stamp window for ruling rates, before mail matter is deposited in the office.

All mail matter, except letters, must be so wrapped or enveloped, that their contents may be readily and thoroughly examined by postmasters without destroying the wrappers.

## STAMPED ENVELOPES.

The attention of the public is called to the advantage of using stamped envelopes rather than postage stamps. Daily numbers of letters are dropped in the post-office without prepayment, with revenue stamps, and stamps cut from stamped envelopes affixed, which are held for postage; whereas by the use of stamped envelopes, these letters would go forward without delay. Persons purchasing stamped envelopes of any denomination, in quantities of 500 and upward, may have request to return in a specified time printed thereon, free of charge. All stamped envelopes damaged by having been improperly addressed, will be redeemed at this office, provided the stamps thereon have not been effaced.
